

The Doctor's Office

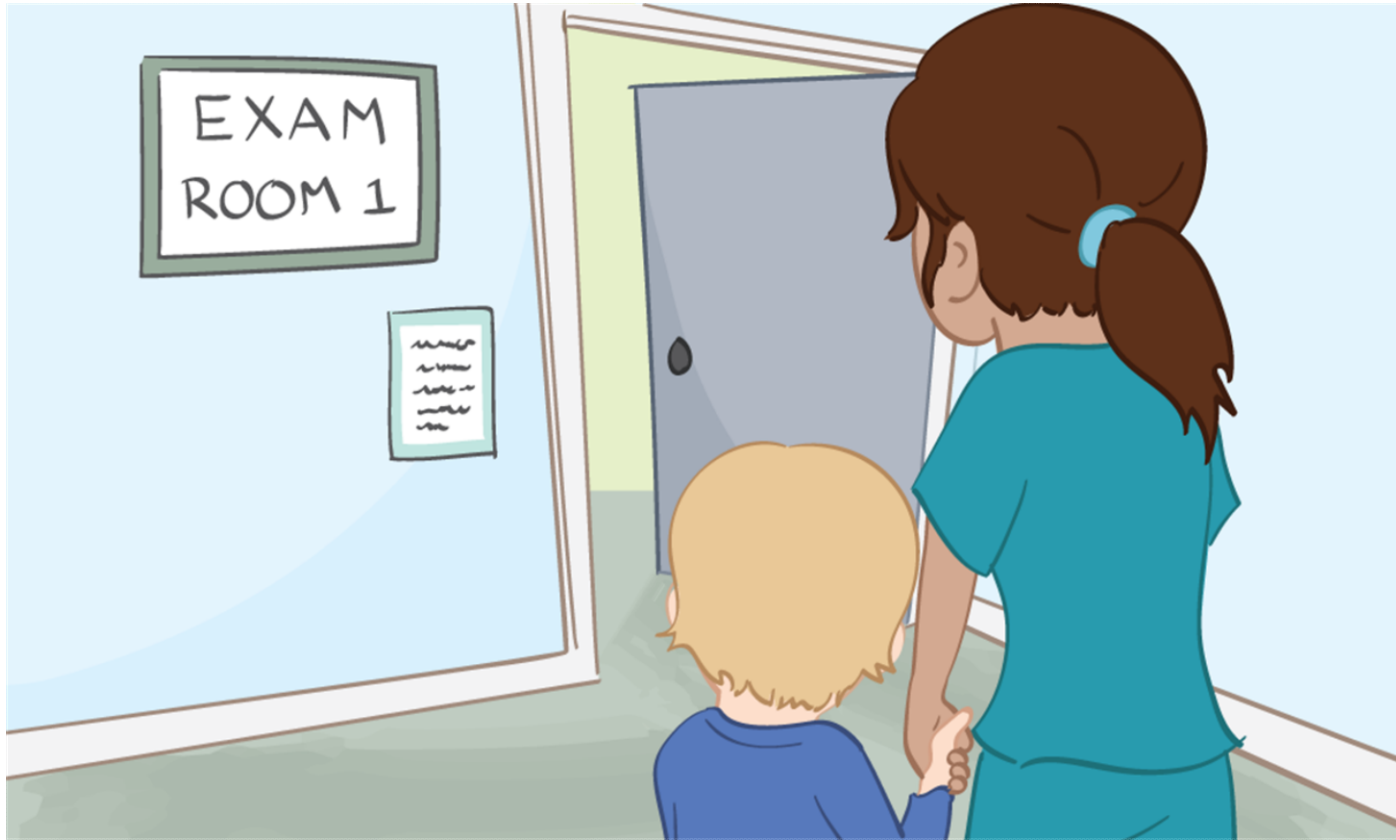

Core First® Learning

Today I get to see the
doctor.

First, I get to play in the waiting room.

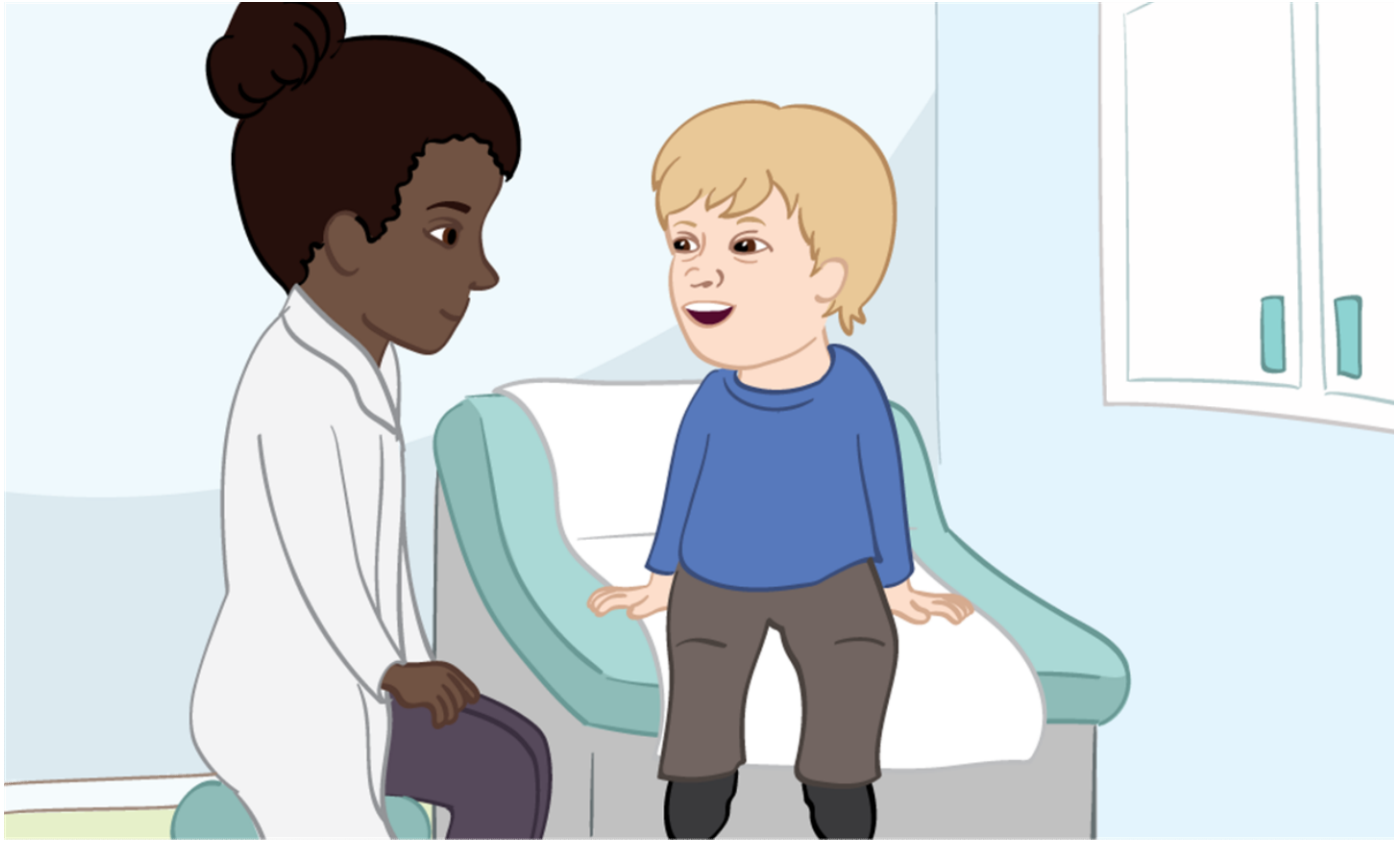

Then I get to see the nurse.

I get my height and
weight checked.

I get to sit up on a table.

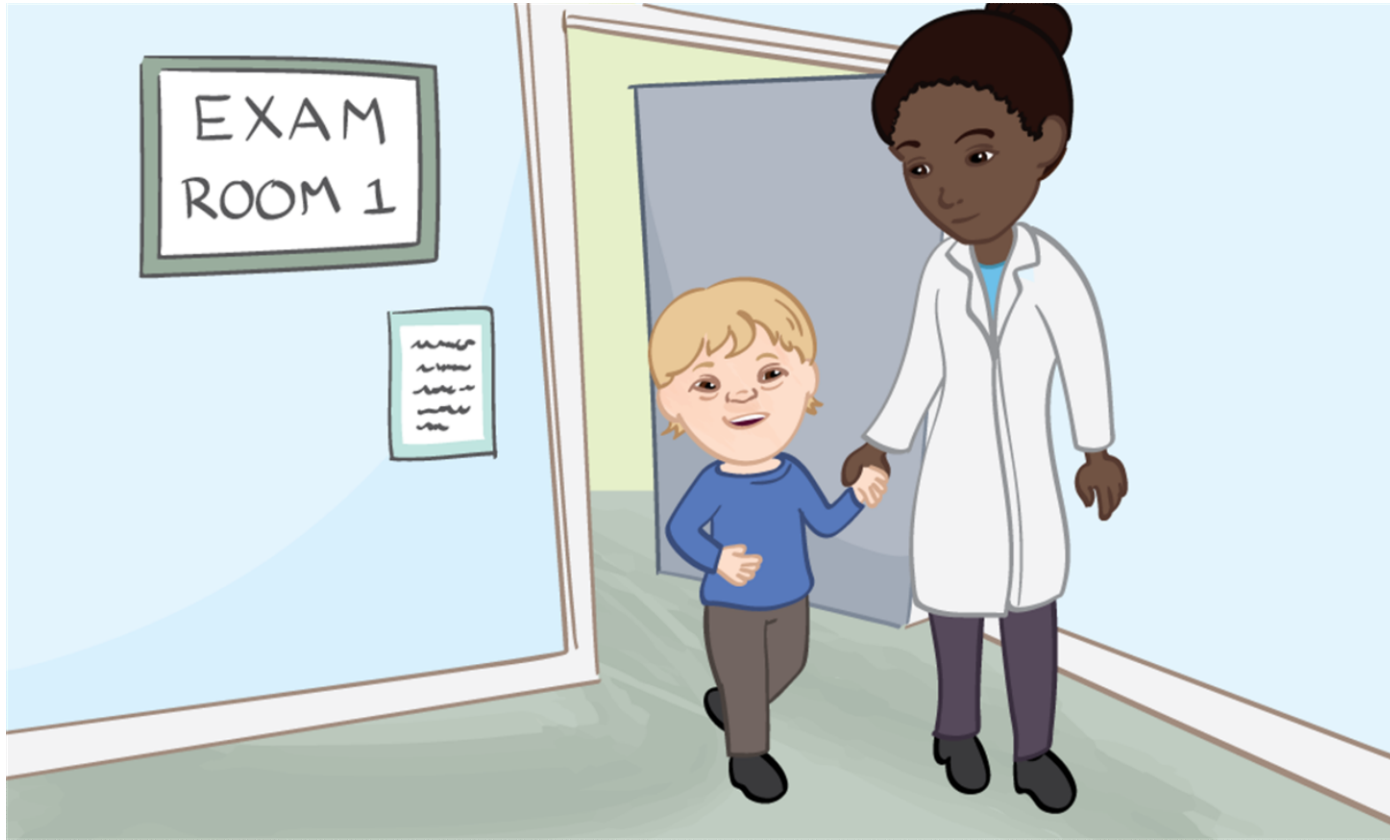

I get to talk with my
doctor.

I get to tell her how I
have been feeling.

This helps me to stay
healthy.

I love when I get to see
the doctor...

and she loves when she
gets to see me, too!
